This office has been reliably informed that during the past few months MICHAEL A. RUSSO, Chairman of the Connecticut Communist Party, has been arranging meetings with one "PHIL" who has been recently identified as PHILLIP M. SALAFF of 38 Mead Street, Stamford, Connecticut.

A check of the 1949 Stamford City Directory revealed that PHILLIP M. SALAFF, wife SYLVIA, resided at 38 Mead Street and was employed as an engineer at 880 Main Street, Stamford. It was ascertained, however, that he was never employed at 880 Main Street but was employed as a plant engineer at the Audio Manufacturing Company, 25 Parker Street. The records of this firm revealed that he was employed from December 18, 1945, until July of 1949 when he resigned to take a better job with the Printex Corporation of America, Ossining, N. Y. His employment record revealed that he formerly resided in the rear of 2932 West 35th Street, Brooklyn, New York. He attended Boys' High School, Brooklyn, N. Y., City College of New York, Columbia University Summer School and Coopers Union. Prior to coming to the Audio Manufacturing Company he was employed by the following firms:

Babcock and Wilson, 17 Rector Street, NYC - 1937 to 1940
 George Sharp, 30 Church Street, NYC - 1940 to 1944
 Todd's Shipyard, 601 West 25th Street, New York City, 1944 to 1945.

The New York office is requested to check the subject's name through its indices and furnish any pertinent information concerning him to this office.

PHILLIP M. SALAFF
SECURITY MATTER - C.
(New Haven file 100-12436)

Reference is made to New Haven letters, September 28, 1949 and November 7, 1949, regarding the above subject.

A review of the files of the New York Office reflects that PHILLIP H. SALAFF, when employed by the George G. Sharp Company, 30 Church Street, New York City, took an active interest in the Federation of Architects, Engineers, Chemists, and Technicians. This was during the first part of 1945. The subject was actively engaged in attempting to force the Marine Draftsmen Association, at George G. Sharp, Inc., to disaffiliate with the National Council of Marine Draftsmen and to affiliate with the Federation of Architects, Engineers, Chemists, and Technicians (hereafter referred to as FAECT). He was a member of the Executive Committee of the FAECT at the above company during this time.

The above information was supplied by [REDACTED]
George G. Sharp, Inc., who requested that his identity be kept
confidential.

[REDACTED] made available a statement of the Acting President of the National Council of Marine Draftsman Group, Mr. MILTON H. BLEZ. This statement stated in part, "It is true that I have the dubious honor of being the First National President of the Federation of Architects, Engineers, Chemists, and Technicians. It is also true that when I discovered that I was being used as a front for a group of Communists, I resigned; not because I opposed Communism but because I opposed directing my fellow workers into an organization which seemed a ~~pro~~ fide labor union but which was in reality a tool of the Communist Party.

Mr. [redacted] SALAFF, whose address was Care of George Sharp Company, 30 March Street, New York City, advised in December of 1944, that SALAFF was Executive Secretary of the New York Council of the Marine Draftsmen Association. He stated that the purpose of this council was to coordinate all activities of the Marine Draftsmen Association, suspended from the National Council of Marine Draftsmen, and any others desiring to join. According to [redacted], the Marine Draftsmen Association, mentioned above, was formed as part of the activity of the FAECT to split the National Council of Marine Draftsmen.

Credit and Criminal Check

A check of the files of the Stamford Police Department failed to disclose any arrest record for the subject.

A review of the 1949 Stamford City Directory revealed that PHILLIP M. SALAFF resides at 38 Mead Street, Stamford, Conn. and is employed as an engineer with the Acrotorque Company, 820 Main Street.

The records of the Connecticut Light and Power Company revealed that the subject was employed at the Audio Manufacturing Company up until August of 1949 when he took employment with the Printex Corporation of America in Ossining, New York. According to the records of this firm, subject has owned his home at 38 Mead Street since April 29, 1949.

The resignation resulted from an offer for a better job. Sharp Company, 30 Church Street, New York City, he was a member of the Executive Committee of the Federation of Architects, Engineers, Chemists and Technicians (hereafter referred to as FAECT). During the early part of 1945 while in this capacity, he was actively engaged in attempting to force the Marine Draftsmen's Association at the George G. Sharp Company to disaffiliate with the National Council of Marine Draftsmen and to affiliate with the FAECT. This source made available a statement of the Acting President of the National Council of Marine Draftsmen group, one MILTON H. BLEZ, which read in part:

"It is true that I have the dubious honor of being the first National President of the Federation of Architects, Engineers, Chemists, and Technicians. It is also true that when I discovered that I was being used as a front for a group of Communists, I resigned; not because I opposed Communism, but because I opposed directing my fellow workers into an organization which seemed a bona fide labor union, but which was in reality a tool of the Communist Party."

Neighborhood

Mr. ANTHONY J. PENACHIO, proprietor of the Springdale Laundry, 48 Mead Street, Stamford, Conn., advised that the subject has resided next door to him for the past three or four years. He described the subject as being a very quiet sort of person who avoids contact as much as possible. He stated subject had no close friends in the community and his principal contacts are strangers whose identities are not known in the vicinity. Mr. Penachio pointed out that during the summer of 1949, large groups of people from New York visited with the SALAFFS during weekends. These groups were so large that many of the people slept in tents and in the garage on the SALAFF property. Mr. Penachio was of the opinion that these gatherings were more or less social, inasmuch as there were men, women and children in the groups. Mr. Penachio stated that he has engaged the subject in conversation only on one occasion and during that brief period, was unable to learn anything concerning the subject's beliefs or activities. He stated that he had learned from the SALAFF children who occasionally come to his house to watch television programs, that the subject is an engineer and presently engaged at some plant at Oscining, New York.

Mr. Penachio went on to say that subject's wife SYLVIA is an arrogant type individual who gives the impression of having Communist leanings. Mr. Penachio based this opinion on the fact that Mrs. Salaff lavished praise on the Soviet role in World War Two. Other reasons for his opinion were attributed to her criticism of certain phases of American living and American policy with other countries.

Mr. Penachio stated that in about October, 1949 his wife observed a concentration of six or seven automobiles parked in front of the SALAFF home. She stated she noticed one in particular which was a suburban from which emerged three Negroes who proceeded to the SALAFF garage where the others had already gathered. Mr. Penachio stated that his wife could not further identify these visitors nor was she able to observe their license tags.

Identity and Activities of Subject's Wife

The 1949 Stamford City Directory disclosed that subject's wife was named SYLVIA SALAFF. According to the August 3, 1948 edition of the "Stamford Advocate", SYLVIA SALAFF was elected Secretary of the Stamford People's Party.

According to Confidential Informant T-4 of known reliability, the People's Party of Connecticut is dominated and controlled by the Communist Party in this state.

of the Communist Party, attempted to arrange a conference with ANTHONY DI SILVESTRO and RUDOLPH GILLESPIE and one "PHILLIP". This latter individual was identified by this source as being one PHILLIP W. SALAFF who resided at 38 Head Street and whose telephone number was 2-1478.

DI SILVESTRO and GILLESPIE have been reliably reported by New Haven Confidential Informant T-5 of known reliability as being members of the [redacted] branch of the [redacted] in Connecticut. b7c

The same source reported that MICHAEL J. PUSSO attempted to arrange a meeting for the night of August 22, 1949 at the home of RUDOLPH GILLESPIE in Norwalk, Connecticut.

T-1 advised that on August 29, 1949 PUSSO was to have met EDWIN S. MICHAELS, a known member of the [redacted] in Stamford, Conn., and together to proceed to the home of PHILLIP S. SALAFF, 38 Head Street, Stamford. b7c

Credit and Criminal Check

A check of the files of the Stamford Police Department failed to disclose any arrest record for the subject.

Moreover, there was no record of the subject at the Stamford Credit Bureau.

A review of the 1949 Stamford City Directory revealed that PHILLIP W. SALAFF resides at 38 Head Street, Stamford, Conn. and is employed as an engineer with the Aerotorque Company, 820 Main Street.

The records of the Connecticut Light and Power Company revealed that the subject was employed at the Audio Manufacturing Company up until August of 1949 when he took employment with the Printex Corporation of America in Yonkers, New York. According to the records of this firm, subject has owned his home at 38 Head Street since April 29, 1949.

Employment

At the Audio Manufacturing Company, Parker Street, Stamford, Connecticut, Production Manager JAMES DUVIER made available the subject's employment record which revealed the following information:

SALAFF was hired on December 18, 1945 and terminated his services in July of 1949. He was employed as a plant engineer and according to the record, his employment was satisfactory. The resignation resulted from an offer for a better job. The record also disclosed that he resided at 38 Head Street, Springdale, having previously resided at 2930 East 35th Street, Brooklyn, New York.

The following is a list of educational institutions he attended:

Boys High School, Brooklyn, New York 1923;
Columbia University (summer school), 1930-31;
College of the City of New York, 1932 - S.S., N.E.
Cooper Union, 1934.

Prior to coming with the Radio Manufacturing Company, he was employed at the following places:

Babcock & Wilcox, 17 Rector Street, New York City; 1937 to 1940;
George G. Sharp Company, 30 Church St., New York City 1940 to 1944;
Todd's Shipyard, 60 W. 25th St., New York City, 1944 to 1945;

Subject's Social Security Number was listed as 103-05-3766.

By letter dated December 21, 1949 the New York office advised that Confidential Informant T-2 of known reliability stated that when the subject was employed at the George G. Sharp Company, 30 Church Street, New York City, he was a member of the Executive Committee of the Federation of Architects, Engineers, Chemists and Technicians (hereafter referred to as FAECT). During the early part of 1945 while in this capacity, he was actively engaged in attempting to force the Marine Draftsmen's Association at the George G. Sharp Company to disaffiliate with the National Council of Marine Draftsmen and to affiliate with the FAECT. This source made available a statement of the Acting President of the National Council of Marine Draftsmen group, one MILTON H. SLAFF, which read in part:

"It is true that I have the dubious honor of being the first ~~President~~ President of the Federation of Architects, Engineers, Chemists, and Technicians. It is also true that when I discovered that I was being used as a front for a group of Communists, I resigned; not because I opposed Communism, but because I opposed directing my fellow workers into an organization which seemed a bona fide labor union, but which was in reality a tool of the Communist Party."

New Haven Confidential Informant T-3 of known reliability stated in September, 1944 that PHILLIP SALAFF was President of the Marine Draftsmen Association in the George G. Sharp Company. He stated further that this individual was a Communist. He did not elaborate any further.

The 1939 issues of "Technical Workers" listed the organizers of the individual shops of FAECT. PHILLIP MARTIN SALAFF was listed as Organizer of Shop #41.

Neighborhood

Mr. ANTHONY J. PENACHIO, proprietor of the Springdale Laundry, 48 Head Street, Stamford, Conn., advised that the subject has resided next door to him for the past three or four years. He described the subject as being a very quiet sort of person who avoids contact as much as possible. He stated subject had no close friends in the community and his principal contacts are strangers whose identities are not known in the vicinity. Mr. Penachio pointed out that during the summer of 1949, large groups of people from New York visited with the S.L.A.P.P. during weekends. These groups were so large that many of the people slept in tents and in the garage on the S.L.A.P.P. property. Mr. Penachio was of the opinion that these gatherings were more or less social, inasmuch as there were men, women and children in the groups. Mr. Penachio stated that he has engaged the subject in conversation only on one occasion and during that brief period, was unable to learn anything concerning the subject's beliefs or activities. He stated that he had learned from the S.L.A.P.P. children who occasionally come to his house to watch television programs, that the subject is an engineer and presently engaged at some plant at Ossining, New York.

Mr. Penachio went on to say that subject's wife SYLVIA is an arrogant type individual who gives the impression of having Communist leanings. Mr. Penachio based this opinion on the fact that Mrs. Salaff lavished praise on the Soviet role in World War Two. Other reasons for his opinion were attributed to her criticism of certain phases of American living and American policy with other countries.

Mr. Penachio stated that in about October, 1949 his wife observed a concentration of six or seven automobiles parked in front of the S.L.A.P.P. home. She stated she noticed one in particular which was a suburban from which emerged three Negroes who proceeded to the S.L.A.P.P. garage where the others had already gathered. Mr. Penachio stated that his wife could not further identify these visitors nor was she able to observe their license tags.

Identity and activities of subject's wife

The 1949 Stamford City Directory disclosed that subject's wife was named SYLVIA SALAFF. According to the August 3, 1948 edition of the "Stamford Advocate", SYLVIA SALAFF was elected Secretary of the Stamford People's Party.

According to Confidential Informant T-4 of known reliability, the People's Party of Connecticut is dominated and controlled by the Communist Party in this state.

REPORT MADE AT NEW HAVEN	DATE WHEN MADE 12/8/50	PERIOD FOR WHICH MADE 11/27, 28; 12/1, 2/ 50	REPORT MADE BY HUGO P. BLANDORI
TITLE PHILIP MARSTON SALOFF, was Philip Martin Salaff, Philip M. Salaff	CHARACTER OF CASE ESPIONAGE - R		

SYNOPSIS OF FACTS:

Subject identified as the "PHIL" reported by confessed Soviet Espionage Agent, DAVID GREENGLASS, to be plant official in Conn. with whom JULIUS ROSENBERG, indicted Soviet Espionage Agent, was in contact between 1946-49. "PHIL" described as college mate of ROSENBERG, member of FAECT, and one whose political views corresponded with ROSENBERG'S. Subject's birth at Stamford, Conn., on 9/10/10 verified. He continues to reside at 38 Mead Street, Springdale, Conn., and is employed as Plant Superintendent at Printex Corporation, Ossining, NY.

- P -

DETAILS: This investigation is based on information furnished by DAVID GREENGLASS, self-confessed Soviet Espionage Agent, that his brother-in-law, JULIUS ROSENBERG, with whom he was in business from 1946 to 1949, and who is under indictment for Soviet espionage in the Southern District of New York, was in contact with one "PHIL", last name unknown, who was a purchasing agent for a plant in Connecticut engaged on war contracts, producing recording discs and tapes. According to GREENGLASS, "PHIL" was an electrical engineer whom ROSENBERG had known from college and whose political views were harmonious with the latter. GREENGLASS stated that "PHIL" is a member of FAECT. Subsequently, GREENGLASS advised that "PHIL'S" employer might possibly be the Audio Devices, Inc., of Glenbrook, Connecticut.

From the information furnished by GREENGLASS, it was determined that "PHIL" was identical with PHILIP MARTIN SALAFF, 28 Mead Street, Springdale, Conn., a former employee of the Audio Manufacturing Co., Inc., 25 Parker Avenue, Glenbrook, Stamford, Connecticut.

At the town clerk's office at Stamford City Hall, Stamford, Conn., Mrs. MABEL L. WILSON checked the birth record of the subject and reported that PHILIP MARSTON SALOFF was born on September 10, 1910, at Stamford, Conn., to MEYER SALOFF, age 37, and FANNIE (SHENKOW) SALOFF, age 29, both natives of Russia. The record also disclosed that MEYER SALOFF was a merchant residing at 802 Main Street, Stamford, Connecticut, and had four other children.

Mr. JOSEPH H. FAHEY, Postmaster, Springdale Post Office, Stamford, Conn., advised that subject still resides at 38 Mead Street, Springdale, Stamford, Connecticut.

Mr. ELLIS W. MAYS, Traffic Manager and Personnel Director, Audio Manufacturing Company, Inc., 25 Parker Avenue, Stamford, advised that his corporation has never had any classified contracts for any Governmental agency, and that its work has been limited to its regular line of recording discs and tape. Mr. MAYS stated that a great deal of their products are sold to Governmental agencies, but there is nothing secretive or special about their products.

Concerning Mr. SALOFF, Mr. MAYS stated that the latter had served as Purchasing Agent and Plant Engineer for 4 or 5 years, and during that time had performed his work to the satisfaction of every one concerned. Mr. MAYS stated that the subject left his position to assume a position with his sister, who operated a silk printing plant in Ossining, New York. Mr. MAYS stated that to the best of his knowledge, subject is still employed at the Printex Corporation in Ossining. Mr. MAYS concluded by saying that Mr. SALOFF was looked upon by the staff at the Audio Manufacturing Company as being a reputable, loyal American, concerning whom he knew nothing derogatory or unfavorable.

It was ascertained from the Connecticut Motor Vehicle Department, Hartford, Connecticut, that PHILIP M. SALLAFF, 38 Mead Street, Springdale, Connecticut, was issued Connecticut License Tags 2X 240 for a 1950 Hudson Tudor gray Brougham sedan, Model 501, Engine No. 501-28820.

SALOFF has been in contact with JULIUS ROSENBERG, known Soviet Espionage Agent. Contacts with ROSENBERG were ostensibly for legitimate business purposes, although no legitimate business deals were consummated. DETAILS:

The title of this case is marked "Changed" to reflect the addition of the aliases PHILIP MARSTON SALAFF, by which name he is most commonly known, and PHILIP M. SALAF, as shown in the records of the International Workers Order.

ESPIONAGE ALLEGATION

DAVID GREENGLASS, who is an admitted Soviet Espionage Agent, is presently awaiting sentencing in the Southern District of New York, for Soviet Espionage. GREENGLASS was associated with his brother-in-law JULIUS ROSENBERG, in business in New York City from 1946 to 1949. During that period DAVID GREENGLASS became aware through conversations with JULIUS ROSENBERG, that the latter was operating a network of Soviet Espionage Agents. JULIUS ROSENBERG is now awaiting trial in the Southern District of New York for Soviet Espionage.

DAVID GREENGLASS has advised that it is his belief that one of ROSENBERG'S espionage contacts may be PHILIP SALOFF. GREENGLASS said that he based this information on the fact that ROSENBERG had made several contacts

with SALOFF, ostensibly for the purpose of getting business for the Pitt Machine Products Company, Inc., from the firm by which SALOFF was employed. GREENGLASS said that no business was obtained by ROSENBERG from this source. GREENGLASS also advised that ROSENBERG had said that he had known SALOFF as a member of the FAECT and that he has a very high regard for SALOFF, who is agreeable with ROSENBERG'S political views.

GREENGLASS advised that about 1947, JULIUS ROSENBERG made a trip to Connecticut, ostensibly to get business for ROSENBERG'S firm, the Pitt Machine Products Company, Inc. Upon ROSENBERG'S return to New York City, he told DAVID GREENGLASS that he had been in touch with SALOFF, who was Purchasing Agent for a plant in Connecticut, which had war contracts. ROSENBERG told GREENGLASS that the plant has a big machine shop and an experimental laboratory. One of the products made in the plant was recording tape for sound recording. The tape was made of paper or fabric. One of the processes in the plant involved the use of an endless copper belt. ROSENBERG told GREENGLASS that he had discussed with SALOFF the possibility of Pitt Machine Products Company taking a contract to connect the endless copper belt by brazing or welding. DAVID GREENGLASS said that he made some tests in an attempt to determine if such a contract could be fulfilled and found that the machinery of Pitt Machine Products Company was inadequate for this job. DAVID GREENGLASS said that JULIUS ROSENBERG made several telephone contacts with SALOFF and was able to contact SALOFF by calling a New York office where the call would be connected with SALOFF'S plant in Connecticut. DAVID GREENGLASS recalled that on one occasion SALOFF came to the shop of the Pitt Machine Products Company, Inc., in New York City, for the apparent purpose of contacting JULIUS ROSENBERG. At that time SALOFF discussed with ROSENBERG and GREENGLASS the possibility of their producing steel reels for SALOFF'S firm. These reels were to be similar to those used for moving picture film, but were to be used for recording tape. The reels were to be about 8" in diameter and eight millimeters in thickness. DAVID GREENGLASS advised that the Pitt Machine Products Company did not have the equipment to produce reels and never did do any business with SALOFF'S plant. GREENGLASS recalled that ROSENBERG had told him that ROSENBERG had visited at SALOFF'S home in Connecticut. DAVID GREENGLASS was under the impression that the firm by which SALOFF was employed, might be Audio Devices, Inc.

COMMUNIST ACTIVITIES

Confidential Informant T-1, of known reliability, advised in 1945 that PHILLIP M. SALAFF was a member of the Executive Committee of the Federation of Architects, Engineers, Chemists and Technicians at the George G. Sharp Company, 30 Church Street, New York City. During the early part of 1945, while SALAFF was employed at George G. Sharp Company, he was actively engaged in attempting to force the Marine Draftsmen's Association at that company to disaffiliate with the National Council of Marine Draftsmen and to affiliate with the FAECT.

Confidential Informant T-1 made available a statement of MILTON H. BLEZ, who was at that time an employee of the George G. Sharp Company, which reads in part as follows:

"It is true that I have the dubious honor of being the first National President of the Federation of Architects, Chemists and Technicians. It is also true that when I discovered that I was being used as a front for a group of Communists, I resigned, not because I oppose Communism but because I opposed directing my fellow workers into an organization which scared a bona fide labor union, but which was in reality a tool of the Communist Party."

Confidential Informant T-2, of unknown reliability, advised in 1942 that at that time PHILLIP MARSTON SALAFF, who resided at 3571 Zyme Avenue, Brooklyn, and was employed by the George Sharp Company, 30 Church Street, New York City, was an organizer for the FAECT. Confidential Informant T-2 was of the belief that because of his position as Organizer, that SALAFF was a member of the inner circle of the FAECT.

Confidential Informant T-2 had in his possession a letter dated March 24, 1937, which indicated that SALAFF was the Secretary of the WPA Section of the FAECT.

Confidential Informant T-3, of unknown reliability, advised that in 1944, SALAFF was a Communist and President of the Marine Draftsmen's Association of the National Council of Marine Draftsmen at the George G. Sharp Company. SALAFF was one of the leaders in the NCMD, who were trying to have the NCMD join the CIO under the banner of the FAECT. According to T-3, the NCMD was the largest independent union representing Marine Draftsmen in the United States and was larger than either the CIO or AFL in that respect. T-3 advised that SALAFF headed the merger committee of the NCMD and had the responsibility of advising the membership of the advisability of a merger with the CIO or AFL.

NY 65-15518

Mr. J. S. GAYNOR of Hamel-Gaynor Associates, Consulting Engineers, 241 West 72nd Street, New York City, advised Special Agent JOSEPH P. McCANN that NELSON KARSON was employed for one month by that firm on February 24, 1948, and at that time one of the references furnished by KARSON was PHILIP SALAFF, 38 Mead Street, Springdale, Connecticut.

Confidential Informant T-5, of known reliability, advised on March 26, 1948, that NELSON KARSON was a member of the white collar section of the New York County [redacted] Party. b7C

Confidential Informant T-6, of known reliability, on March 17, 1950, advised that the membership list of the International Workers Order, New York City, shows that PHILIP M. SALAF had been a member of Lodge #500 of the IWO in New York City, since December, 1937, and was born in 1910. SALAF'S dues were paid up through March, 1950, and he has IWO Certificate #187681. The IWO appears on the Attorney General's list of subversive Communist organizations coming within the purview of Executive Order #9835.

Confidential Informant T-7, of known reliability, advised that the mailing list of the FAECT for May and June, 1944, includes PHILIP SALAF, 3827 Cypress Avenue, Brooklyn, New York, and 3751 Lyme Avenue, Sea Gate, Brooklyn, New York.

T-3 said that SALAFF was a member of the Grievance Committee of the independent union then functioning in the George Sharp Company. T-3 advised that SALAFF had previously resided at 2000 84th Street, Brooklyn, New York, and had been previously employed as follows:

- 1937 to 1940 - Babcock and Wilcox Company,
85 Liberty Street, New York City.
- 1936 to 1937 - Major Tool and Die Corporation,
30 Grand Street, New York City.
- 1935 to 1936 - Bureau of Highways, Municipal Building,
Brooklyn, New York.
- 1934 to 1935 - Poillon Energy Service, 65th Street
and Amsterdam Avenue, New York City.
- 1932 to 1934 - Radio Electric Laboratories Company,
1931 Broadway, New York City.

Mr. CHARLES S. HEEFORD, Personnel Department, Combustion Equipment Division, Todd Shipyards Corporation, 81-16 45th Avenue, Elmhurst, New York, advised that PHILIP MARSTON SALAFF was employed by that company from April 30, 1945, to September 15, 1945, and left of his own accord. SALAFF was employed as a Research Engineer at a salary of \$3,900 per year. SALAFF'S personnel file reflects that he was born on September 10, 1910 in Stamford, Connecticut, and resided in April, 1945 at 3827 Cypress Avenue, Brooklyn, New York. He was married and had Social Security Number 103-05-3766. He was recommended by George G. Sharp Company, 30 Church Street, New York City, who had employed SALAFF as a draftsman from November, 1939 to April, 1945. While working at the George G. Sharp Company, SALAFF's work included design of tanks, stacks and uptakes for the Maritime Commission and Naval Auxiliaries. His superior was R. A. FRAZIER, Chief Engineering Draftsman.

The personnel file of SALOFF at the Todd Shipyards Company shows that his birth certificate reflects he was born under the name PHILIP MARSTON SALOFF, September 10, 1910 at Stamford, Connecticut. In his application, dated April 30, 1945, SALAFF stated that his family consists of his three children, his wife SILVIA and his father HEYER SALAFF, who was born in the Ukraine, but has been a citizen of the United States for fifty years.

NY 65-15518

His mother FANNIE SHENK SALAFF is deceased. He said that he had been previously employed as follows:

George G. Sharp - 1940 to 1945
Babcock and Wilcox - 1938 to 1940
Department of Highways, Brooklyn - 1937 to 1938
Major Tool and Die - 1937 to 1937
Poillon Engineering Service - 1934 to 1936
Radio Electric Laboratory - 1932 to 1934

All of the above jobs were as draftsman.

In a questionnaire for the Todd Shipyards Company, dated May 1, 1945, SALAFF stated that he had previously resided at 3751 Lyme Avenue, Brooklyn, and that the organizations which he had belonged to were Marine Draftsmen Association, Chapter 51, 5 Beckman Street, New York City, and the Red Cross, Willoughby Street, Brooklyn. He said that his children are STEPHEN, age seven in 1945, PETER, age four in 1945 and FREDERICK age one in 1945. SALAFF stated that he was fingerprinted by the Civil Service Commission and by the United States Army about 1942. He said he had never been employed by a foreign government and had not been out of the United States in the past fifteen years. SALAFF furnished the following references:

NICHOLAS BRECCIA, 164 Glenwood Avenue,
Jersey City, New Jersey.

R. MILLER, 515 Brook Street,
Yamaroneck, New York.

ED FEIK, 45-08 40th Street,
Long Island City, New York.

On November 24, 1950, Mr. PERRY HAYNES, Chief Engineer, Combustion Division, Todd Shipyard Company, Inc., 81-16 45th Avenue, Elmhurst, New York, advised that SALAFF, while employed by that company, had been under his supervision and had worked as a draftsman on a Navy contract. Mr. HAYNES stated that this Navy contract was not classified and consisted of making a boiler, the ultimate use of which was very confidential. Mr. HAYNES said, however, from the information available to SALAFF, the latter would have had no possibility of determining the ultimate use of this boiler. Mr. HAYNES advised that subsequently he had learned that the boiler was used by the Navy for experimental bombing to determine how the heat emanating from the stacks of enemy ships could be used to perfect a method of fire control in bombing.

NY 65-15518

He said that the boiler produced by the Todd Shipyards had been placed on some kind of a truck and was used in the Mojave Desert. Mr. HAYNES stated that SALAFF left his employment at Todd Shipyards Corporation to take a better paying position with some electronics firm near Stamford, Connecticut. Mr. HAYNES said he considered SALAFF to be thoroughly reliable and loyal to the United States, and that he would rehire SALAFF if the opportunity presented itself.

Confidential Informant T-9 advised that the Printex Corporation of America moved from New York City to Ossining, New York, in 1948, and is owned by GEORGE NEWMAN, SALAFF'S brother-in-law, and WARNER HAWN. GEORGE NEWMAN has been ill for the past year and is residing at Saranac Lake, New York. WARNER HAWN is the salesman for Printex and spends practically all of his time traveling. The Printex Corporation of America makes prints on silk and satin textile and employs about fifty persons, about six of whom are on the night shift. GEORGE NEWMAN's parents live above the plant. PHILIP SALAFF has been the Plant Superintendent of Printex since August, 1949, and possibly longer. SALAFF has a hot temper and is erratic in his dealings with the employees. He drives a new Hudson automobile with a Connecticut license, and travels a great deal, ostensibly on company business. He claims that he travels to Philadelphia, Pennsylvania, as well as throughout New York and Massachusetts. Because of this traveling, SALAFF is away from the plant about three days a week. T-9 feels that it is not necessary for SALAFF to travel so much on company business, in view of the fact that WARNER HAWN is on the road most of the time. The Informant advised that SALAFF spent a great deal of his time making telephone calls from the plant, both of a personal and business nature. As superintendent of the plant, SALAFF earns between \$150 and \$175 a week. The Printex Corporation of America is listed in the Westchester County Telephone Book as being located at 34 State Street, Ossining, New York, Telephone Ossining 2-3603.

[REDACTED] Ossining Police Department, advised Special Agent THOMAS P. LYNCH that there is no arrest record for SALAFF at the Ossining Police Department. Detective PERINIS advised that SALAFF was believed to have gone to Atlantic City about November 23, 1950, and proposed to stay there for several weeks.

Confidential Informant T-10, of known reliability, advised on December 1, 1950, that SALAFF was at that time attending a wallpaper convention in Atlantic City and was expected to return to his place of employment, Printex Corporation of America, about December 4, 1950. On December 13, 1950, Confidential Informant T-10 advised that SALAFF was on that date at work at Printex Corporation of America.

The Identification Division of the Bureau was requested by letter dated December 5, 1950, to search its records for an identification record of the subject.

TITLE CHANGED PHILIP MARSTON SALOFF, was., Phillip Marston Salaff, Philip W. Salaf		CHARACTER OF CASE ESPIONAGE - R	

SYNOPSIS OF FACTS:

SALOFF has been in contact with JULIUS ROSENBERG, known Soviet Espionage Agent. Contacts with ROSENBERG were ostensibly for legitimate business purposes, although no legitimate business deals were consummated. SALOFF reported to be Communist, formerly active in FACTION and member of IWO since 1937. Now employed as Plant Manager for Printex Corporation of America, Ossining, New York.

- P -

DETAILS:

The title of this case is marked "Charged" to reflect the addition of the alias PHILIP MARSTON SALOFF, by which name he is most commonly known, and PHILIP W. SALAF, as shown in the records of the International Workers Order.

REPORTER ALLEGATION

DAVID GREENGLASS, who is an admitted Soviet Espionage Agent, is presently awaiting sentencing in the Southern District of New York, for Soviet espionage. GREENGLASS was associated with his brother-in-law JULIUS ROSENBERG, in business in New York City from 1946 to 1949. During that period DAVID GREENGLASS became aware through conversations with JULIUS ROSENBERG, that the latter was operating a network of Soviet Espionage Agents. JULIUS ROSENBERG is now awaiting trial in the Southern District of New York for Soviet Espionage.

DAVID GREENGLASS has advised that it is his belief that one of ROSENBERG'S espionage contacts may be PHILIP SALOFF. GREENGLASS said that he based this information on the fact that ROSENBERG had made several contacts

with SALOFF, ostensibly for the purpose of getting business for the Pitt Machine Products Company, Inc., from the firm by which SALOFF was employed. GREENGLASS said that no business was obtained by ROSENBERG from this source. GREENGLASS also advised that ROSENBERG had said that he had known SALOFF as a member of the FAUCI and that he has a very high regard for SALOFF, who is agreeable with ROSENBERG'S political views.

GREENGLASS advised that about 1947, JULIUS ROSENBERG made a trip to Connecticut, ostensibly to get business for ROSENBERG'S firm, the Pitt Machine Products Company, Inc. Upon ROSENBERG'S return to New York City, he told DAVID GREENGLASS that he had been in touch with SALOFF, who was Purchasing Agent for a plant in Connecticut, which had war contracts. ROSENBERG told GREENGLASS that the plant has a big machine shop and an experimental laboratory. One of the products made in the plant was recording tape for sound recording. The tape was made of paper or fabric. One of the processes in the plant involved the use of an endless copper belt. ROSENBERG told GREENGLASS that he had discussed with SALOFF the possibility of Pitt Machine Products Company taking a contract to connect the endless copper belt by brazing or welding. DAVID GREENGLASS said that he made some tests in an attempt to determine if such a contract could be fulfilled and found that the machinery of Pitt Machine Products Company was inadequate for this job. DAVID GREENGLASS said that DAVID GREENGLASS made several telephone contacts with SALOFF and was able to contact SALOFF by calling a New York office where the call would be connecting with SALOFF'S plant in Connecticut. DAVID GREENGLASS recalled that on one occasion DAVID called to the shop of the Pitt Machine Products Company, Inc., in New York City, for the apparent purpose of contacting JULIUS ROSENBERG. At that time SALOFF discussed with ROSENBERG and GREENGLASS the possibility of their producing steel reels for SALOFF'S firm. These reels were to be similar to those used for moving picture film, but were to be used for recording tape. The reels were to be about 8" in diameter and eight millimeters in thickness. DAVID GREENGLASS advised that the Pitt Machine Products Company did not have the equipment to produce reels and never did do any business with SALOFF'S plant. GREENGLASS recalled that ROSENBERG had told him that ROSENBERG had visited at SALOFF'S home in Connecticut. DAVID GREENGLASS was under the impression that the firm by which SALOFF was employed, might be Audio Devices, Inc.

COMMUNIST ACTIVITIES

Confidential Informant T-1, of known reliability, advised in 1945 that PHILIP H. SALAFF was a member of the Executive Committee of the Federation of Architects, Engineers, Chemists and Technicians at the George G. Sharp Company, 30 Church Street, New York City. During the early part of 1945, while SALAFF was employed at George G. Sharp Company, he was actively engaged in attempting to force the Marine Craftsmen's Association at that company to disaffiliate with the National Council of Marine Craftsmen and to affiliate with the FAICT.

Confidential Informant T-1 made available a statement of NELTON H. RLYZ, who was at that time an employee of the George G. Sharp Company, which reads in part as follows:

"It is true that I have the dubious honor of being the first National President of the Federation of Architects, Chemists and Technicians. It is also true that when I discovered that I was being used as a front for a group of Communists, I resigned, not because I oppose Communism but because I opposed directing my fellow workers into an organization which seemed a bona fide labor union, but which was in reality a tool of the Communist Party."

Confidential Informant T-2, of unknown reliability, advised in 1942 that at that time PHILIP EASTON SALAFF, who resided at 3571 Lyne Avenue, Brooklyn, and was employed by the George Sharp Company, 30 Church Street, New York City, was an organizer for the FAICT. Confidential Informant T-2 was of the belief that because of his position as Organizer, that SALAFF was a member of the inner circle of the FAICT.

Confidential Informant T-2 had in his possession a letter dated March 24, 1937, which indicated that SALAFF was the Secretary of the BFA Section of the FAICT.

Confidential Informant T-3, of unknown reliability, advised that in 1944, SALAFF was a Communist and president of the Marine Craftsmen's Association of the National Council of Marine Craftsmen at the George Sharp Company. SALAFF was one of the leaders in the NCNC, who were trying to have the NCNC join the CIO under the banner of the FAICT. According to T-3, the NCNC was the largest independent union representing marine craftsmen in the United States and was larger than either the CIO or AFL in that respect. T-3 advised that SALAFF headed the major committee of the NCNC and had the responsibility of advising the membership of the viability of a merger with the CIO or AFL.

SALAF had been a member of Lodge 4500 of the IWO in New York City, since December, 1937, and was born in 1910. SALAF'S dues were paid up through March, 1950, and he has IWO Certificate #167681. The IWO appears on the Attorney General's list of subversive Communist organizations coming within the purview of Executive Order #9835.

Confidential Informant T-7, of known reliability, advised that the mailing list of the FAULT for May and June, 1948, includes PHILIP SALAF, 3027 Cypress Avenue, Brooklyn, New York, and 3791 Lyme Avenue, Sea Gate, Brooklyn, New York.

Mr. CHARLES T. NY 65-15518

Confidential Informant T-9 advised that the Printex Corporation of America moved from New York City to Ossining, New York, in 1948, and is owned by GEORGE KAHAN, SALAFF's brother-in-law, and WALTER HAWN. GEORGE KAHAN has been ill for the past year and is residing at Saranac Lake, New York. WALTER HAWN is the salesman for Printex and spends practically all of his time traveling. The Printex Corporation of America makes prints on silk and satin textile and employs about fifty persons, about six of whom are on the night shift. GEORGE KAHAN's parents live above the plant. PHILIP SALAFF has been the Plant Superintendent of Printex since August, 1949, and possibly longer. SALAFF has a hot temper and is erratic in his dealing with the employees. He drives a new Hudson automobile with a Connecticut license, and travels a great deal, ostensibly on company business. Under date of December 19, 1950, you recommended that a Security Index card be prepared on the above captioned individual. A review of the file on this individual does not indicate that we have developed sufficient information of a Communist or espionage nature with regard to Salaff to justify placing him in the Security Index at this time.

It is felt that you will be able to develop information of a Communist nature during this investigation which will justify placing Salaff in the Security Index at a later date. You should not neglect this phase of your investigation of this case. The New York Office should, through established sources, also attempt to develop the Communist activities of this subject during the period the subject resided in New York City. The New York Office should immediately submit a report in this case incorporating information from David Greenglass and information from other available sources.

In the report of Special Agent M. M. Cummins, dated April 9, 1941, at New York, entitled "Frank Martin Kacmarcyk; Internal Security - R," a report concerning this individual received from the New York Police Department was quoted, which read in part as follows:

"The subject (Kacmarcyk) is very friendly with Phil Saloff and a chap named Elkind, both formerly employed at the Navy Yard, and both Communists. The three have organized a unit of the National Marine Drafts. en Association in the Office of G. C. Sharp. The association has as its members the draftsmen employed in the offices of Naval architects throughout the United States. Saloff denies that there is any connection of this organization with the CIO or FAECT. Saloff and Elkind frequently visit the subject (Kacmarcyk) at his home, and the three have been observed together after business hours."

In the report of Special Agent Edward J. Greenwald, dated January 24, 1944, at New York, entitled "Communist Infiltration of the Federation of Architects, Engineers, Chemists and Technicians; CIO; Internal Security - C." it was stated that [REDACTED] b7d

[REDACTED] submitted a report which was dated October 19, 1943. This reflected that at the October 11, 1943, meeting of the National Council of Marine Draftsmen a motion was made and defeated to continue the Committee for Affiliation with the FAECT. Following this defeat, the officers resigned in a body. When this occurred, Zeller, from New York Ship, was elected President of the NCMD and Philip Saloff, who was employed at the George Sharp Company, was elected Vice President of the New York area.

These informants further stated that another meeting was scheduled for January 2, 1944. Prior to this meeting, a committee was to function to investigate the possibilities of affiliation of the NCMD with a labor organization. Saloff was reported to have been chairman of that committee.

These informants also advised that Saloff was reportedly planning to proceed to Washington, D.C. in the near future in order to persuade Philip Murray, head of the CIO, to take away the charter of the FAECT. Saloff reportedly did not believe the FAECT was acceptable as it then stood.

ADMINISTRATIVE DATA

Confidential Informant T-11, of known reliability, advised that he had received the following information on March 28, 1950 concerning the PRINTEX CORPORATION OF AMERICA, 34 State Street, Ossining, New York, which is engaged in textile printing. The officers are:

The officers are also the directors of the corporation.

The corporation was chartered March 9, 1945 with an authorized capital of 200 shares of no par value stock.

GEORGE NEUMAN is 38 years of age, and was born in Austria. He was a free-lance commercial artist at 141 East 17th Street, New York City for a period of two years, prior to which time he had been employed by the NATAL CONVERSION CORPORATION, Brooklyn, New York, and before that time was employed for 1½ years by the ERGE MACHINE WORKS at Dunellen, New Jersey. NEUMAN became president of the PRINTEX CORPORATION during January, 1946, and had previously been the Second Vice President.

VERA NEUMAN is in her 30's, is native-born, and has been a commercial artist for the past fifteen years.

FRED W. HAIM, who is 38 years of age, was born in Germany. He came to the United States in 1940. In Germany, he had been a dress manufacturer. PRINTEX CORPORATION until he was elected secretary in January, 1946.

RUTH HAMM is in her 30's, and is native-born.

HARRY ELLIS was formerly the president of this corporation, and ARTHUR SCHOTTENFELD was secretary until January, 1946, when they both sold their interests in the corporation.

The corporation moved from 518 West 57th Street, New York City, to its present location July 1, 1948.

The real estate at 34 State Street, Ossining, New York is owned by the VERITY REALTY CORPORATION, a holding company of which GEORGE NEUMAN is president, and FRED W. HAMM is secretary and treasurer. They have stated that there are no inter-company relations other than those of tenant-and-landlord.

The PRINTEX CORPORATION OF AMERICA was formerly engaged in the manufacture of decorative tablecloths and textile printing on a contract basis. During the summer of 1946, the manufacturing of tablecloths was discontinued, and since then, the company has been engaged in textile printing on a contract printing basis. Approximately 40,000 square feet of floor space is utilized for plant, shipping, storage and office purposes.

The equipment of the plant includes the necessary screens and patterns which are designed by VERA NEUMAN. About 40 persons are ordinarily employed by the corporation.

On March 28, 1950, IRVING SILVERMAN, accountant for the corporation, declined to furnish a financial statement for the corporation. He said that sales for 1949 were in excess of \$300,000. He said that current liabilities are small with indebtedness being confined to current credit obligations and normal operating accruals, there being no outstanding loans from the banks or others.

The equipment of the corporation is valued at about \$100,000.

Will check the records of the WPA, by which Subject claims to have been employed as a draftsman from 1935 to 1937 at the Bureau of Highways, Brooklyn, New York. He probably used the name PHILIP H. Will check Subject's name and aliases through the 1937 and 1938 city directories inasmuch as his Selective Service records reflected that he was employed by the Congress of Indus., Washington, D. C. from 1937 to 1938. (It is believed that this probably refers to the CIO).

Confidential Informant T-1, of known reliability, made available a statement of MILTON H. BLEZ, an employee of the GEORGE G. SHARP COMPANY, which reads as follows:

"It is true that I have the dubious honor of being the first National President of the FEDERATION OF ARCHITECTS, ENGINEERS, CHEMISTS AND TECHNICIANS. It is also true that when I discovered it was being used as a front for a group of Communists, I resigned, not because I oppose Communism, but because I oppose directing my fellow workers into an organization which seemed to be a bona fide labor union, but which was in reality, a tool of the Communist Party."

Volume 2, No. 46, FAECT edition of the "CIO NEWS" dated November, 1939 reflects that PHILIP SALAF was the Executive Secretary of the Industrial Section of New York Chapter No. 31 of the FAECT.

Confidential Informant T-2, of unknown reliability, made available the record of the proceedings of the Fifth National Convention of the FAECT held on May 31, June 1, and June 2, 1940, which reflects that P. SALAF of Chapter No. 31, New York, was a member of the Officers Labor Committee of that convention. It was also reflected that PHILIP SALAF, Chapter No. 31, was a regular delegate to the 5th FAECT Convention.

Confidential Informant T-3; of known reliability, advised Confidential Informant T-4, of known reliability, that on November 29, 1940, a testimonial dinner was held for MARCEL SCHERER, International Vice President of the FAECT, at the Port Arthur Chinese Restaurant, 7 Mott Street, New York City. There were 75 people who attended the dinner! One of those in attendance was PHILIP SALOFF, Organizer of the Metropolitan Chapter of the FAECT.

NY 65-15518

Confidential Informant T-3 advised that GUSTAVE JURIST in 1940 was employed at the Brooklyn Navy Yard and was the [REDACTED] Party organizer there, b7c as well as being the dominant figure in the FAECT at the Navy Yard.

Confidential Informant T-3 advised that on December 6, 1940, GUSTAVE JURIST stated that there were about 12 members of the Communist Party at that time working for the GEORGE SHARP COMPANY, which is a very large private naval architectural firm in New York City engaged in designing work for the United States.

JURIST stated that PHILIP SALOFF, an organizer for the Metropolitan Chapter of the FAECT, is a member of the Communist Party and had just obtained employment at the GEORGE G. SHARP COMPANY. JURIST also stated that one ELKIND, a [REDACTED] Party member, b7c had recently resigned his position at the Navy Yard to work for the SHARP COMPANY.

Confidential Informant T-5, of known reliability, advised on February 7, 1941, that PHIL SALOFF, FRANK MARTIN KACMARCYK, and ELKIND had organized a unit of the National Marine Draftsmen's Association in the office of their employer, GEORGE G. SHARP, Naval Architects, 30 Church Street, New York City, and that SALOFF had denied that there was any connection between this organization and the CIO or the FAECT.

Confidential Informant T-5 advised that both SALOFF and ELKIND are [REDACTED] and that KACMARCYK was suspected of being a [REDACTED] while he had been b7c previously employed in 1939 at the Brooklyn Navy Yard where he was secretary of the FAECT. SALOFF and ELKIND frequently visited KACMARCYK's home, and were seen together after business hours.

Confidential Informant T-6, of known reliability, advised that FRANK KACMARCYK was a member of the [REDACTED] Club of the [REDACTED] Party, b7c

NY 65-15518

Brooklyn, New York, in 1944, and held Communist Party Book No. 14,825.

Confidential Informant T-7 and T-8, both of unknown reliability, made available a report dated October 19, 1943, which reflected that at the October 11, 1943 meeting of the National Council of Marine Draftsmen, motion was made and defeated, to continue the Committee for Affiliation with the FAECT. Following this defeat, the officers resigned in a body. When this occurred, PHILIP SALOFF, who was employed at the GEORGE G. SHARP COMPANY, was elected vice president of the New York area.

Confidential Informant T-7 and T-8 advised that another meeting was scheduled for January 2, 1944. Prior to this meeting, a committee was to function to investigate the possibility of affiliation of the NATIONAL COUNCIL OF MARINE DRAFTSMEN with a labor organization.

SALOFF was reported to have been chairman of this committee and was reportedly planning to proceed to Washington, D. C. to persuade PHILIP MURRAY, head of the CIO, to take away the charter of the FAECT inasmuch as SALOFF did not believe that the FAECT was acceptable as it then stood.

Confidential Informant T-9, of known reliability, advised that members of the MARINE DRAFTSMEN'S ASSOCIATION in New York met in August, 1944, and set up a New York Council of Marine Draftsmen's Association for the coordinating of activities of the members suspended from the NATIONAL COUNCIL OF MARINE DRAFTSMEN or any other members desiring to affiliate. The Executive Secretary of this organization was reported to be PHILIP SALOFF, who was employed at the GEORGE G. SHARP COMPANY.

On December 23, 1947, Confidential Informant T-10, of known reliability, advised that the collection records for the month of December, 1946, of Lodge No. 500 of the INTERNATIONAL WORKERS ORDER, which met at 77 Fifth Avenue, New York City, reflected one of the members to be PHILIP M. SALAF, who was born in 1910.

ADMINISTRATIVE DATA

Confidential Informant T-11, of known reliability, advised that he had received the following information on March 28, 1950 concerning the PRINTEX CORPORATION OF AMERICA, 34 State Street, Ossining, New York, which is engaged in textile printing. The officers are:

GEORGE NEUMAN, President
FRED W. HAIMI, Secretary
VERA (MRS. GEORGE) NEUMAN, Vice President

The officers are also the directors of the corporation.

The corporation was chartered March 9, 1945 with an authorized capital of 200 shares of no par value stock.

GEORGE NEUMAN is 36 years of age, and was born in Austria. He was a free-lance commercial artist at 141 East 17th Street, New York City for a period of two years, prior to which time he had been employed by the NATAL CONVERSION CORPORATION, Brooklyn, New York, and before that time was employed for 1½ years by the ERGE MACHINE WORKS at Dunellen, New Jersey. NEUMAN became president of the PRINTEX CORPORATION during January, 1946, and had previously been the Second Vice President.

VERA NEUMAN is in her 30's, is native-born, and has been a commercial artist for the past fifteen years.

FRED W. HAIMI, who is 33 years of age, was born in Germany. He came to the United States in 1940. In Germany, he had been a dress manufacturer. Since in the United States, HAIMI has been employed by the LANZ DRESS MANUFACTURING COMPANY until the inception of the PRINTEX CORPORATION and was treasurer of the

PRINTEX CORPORATION until he was elected secretary in January, 1946.

RUTH HAMM is in her 30's, and is native-born.

HARRY ELLIS was formerly the president of this corporation, and ARTHUR SCHOTTFIELD was secretary until January, 1946, when they both sold their interests in the corporation.

The corporation moved from 518 West 57th Street, New York City, to its present location July 1, 1948.

The real estate at 34 State Street, Ossining, New York is owned by the VERITY REALTY CORPORATION, a holding company of which GEORGE NEUMAN is president, and FRED W. HAMM is secretary and treasurer. They have stated that there are no inter-company relations other than those of tenant-and-landlord.

The PRINTEX CORPORATION OF AMERICA was formerly engaged in the manufacture of decorative table-cloths and textile printing on a contract basis. During the summer of 1946, the manufacturing of table-cloths was discontinued, and since then, the company has been engaged in textile printing on a contract printing basis. Approximately 40,000 square feet of floor space is utilized for plant, shipping, storage and office purposes.

The equipment of the plant includes the necessary screens and patterns which are designed by VERA NEUMAN. About 40 persons are ordinarily employed by the corporation.

On March 27, 1950, PHILIP H. SALAFF, Assistant to the President, stated that the officers were away on a business trip and would not return until May,

1950. SALOFF declined to furnish any information regarding the business in the absence of the officers.

On March 28, 1950, IRVING SILVERMAN, accountant for the corporation, declined to furnish a financial statement for the corporation. He said that sales for 1949 were in excess of \$300,000. He said that current liabilities are small with indebtedness being confined to current credit obligations and normal operating accruals, there being no outstanding loans from the banks or others.

The equipment of the corporation is valued at about \$100,000.

The files of the New York Office failed to reflect any information concerning Subject's sister, VERA SALOFF NEUMAN.

At Washington, D. C.:

Will check the records of the WPA, by which Subject claims to have been employed as a draftsman from 1935 to 1937 at the Bureau of Highways, Brooklyn, New York. He probably used the name PHILIP M. Will check Subject's name and aliases through the 1937 and 1938 city directories inasmuch as his Selective Service records reflected that he was employed by the Congress of Indus., Washington, D. C. from 1937 to 1938. (It is believed that this probably refers to the CIO).

The above-mentioned letter was contained in a file captioned JOHN GRANGE, Senior Personnel Supervisor, WPA District No. 5, 111 8th Avenue, New York City, LAWRENCE CLAUBER, WPA Checker, W. WERNER, WPA Complaint Checker, EWING H. MCARD, WPA Complaint Checker, WPA file No. 5-NY-173. The above-mentioned file is an investigation instituted on a complaint by one MURRAY WILLING, Social Worker, WPA Educational Project No. 1600, New York City, who was allegedly brutally assaulted, beaten, falsely imprisoned, and robbed by WPA guards and JOHN GRANGE. The file failed to reflect any substantiation as to the truth of the allegation made by SALOFF and WILLING.

Mr. F. A. CASLISCH, Archives, advised that the WPA investigatory files reflect a card mentioning the letter of PHILIP SALOFF dated June 8, 1936. Mr. CASLISCH suggested that if further information were desired, contact should be had with the State of New York at Albany which he believed would have the personnel file concerning Emergency Relief Board employees.

Special Employee HERBERT L. HOMAN, JR., conducted the investigation at the General Services Administration.

It was reported that one of the telephone numbers called from the Printex Corporation of America, 34 State Street, Ossining, New York, was Prescott 7-5000, which was listed, according to Newark Informant 1741, as Jacques Wolf & Co., 350 Lexington Avenue, Clinton, New Jersey. It was reported that the Newark Office indices reflected no record of this individual.

The Bufiles were reviewed on Jacques Wolf and reflected that in 1942 a number of cables were intercepted by Cable Censorship, sent by Jacques Wolf & Co., manufacturing chemists, Passaic, New Jersey, to several firms in Mexico, Central America, and South America. These cables were examined by the Bureau for possible code. The Bureau Laboratory reported that the cables dealt with the purchase price, quantity, and sale of chemical products, and the examination revealed no code or hidden meaning.

The Visa Division of the Department of State, under date of October 23, 1941, advised the Bureau that Jacques Wolf was the sponsor for Suzanne Girard, who was born in Algiers on July 27, 1903, and was an applicant for an immigration visa. Suzanne Girard was listed as schooled in Algeria, was separated from her husband, and had a daughter and sister in Algeria. She claimed to have never been employed, nor to have been active politically. Wolf was described as 63, President of the Jacques Wolf & Co., Passaic, New Jersey, Algerian-born, admitted to the United States on July 20, 1901, and naturalized on September 7, 1907.

The foregoing is submitted for informational purposes only.

Telephone YONKERS 8-1213; which is listed to the SQUARE ROOT MANUFACTURING CORPORATION, 391 Saw Mill River Road, Yonkers, New York, was called from the subject's plant on the following dates:

September 8, 19, 25(2 calls), 26;
October 2, 4, 5, 6, 9, 16, 20, 27;
November 3, 10, 14.

On February 24, 1951, HYMAN ADLER, 647 Faile Street, Bronx, New York, advised that he is employed by the Square Root Manufacturing Company, Yonkers, New York, and that he had approached JULIUS ROSENBERG for a job in early 1950. DAVID GREENGLASS advised that he had included HYMAN ADLER'S name in lists of potential Soviet espionage recruits at Los Alamos, N.M. Atomic Bomb Project, in 1945. GREENGLASS said he furnished those lists to JULIUS ROSENBERG and HARRY GOLD for transmission to the USSR.

During the above-mentioned interview HYMAN ADLER admitted to SA JOHN W. LEWIS and SA JOSEPH J. PALGUTA that he had been a member of the INTERNATIONAL WORKERS ORDER from about 1941, or 1942, until 1950; that he had attended meetings of the United Electrical Workers Union, CIO, at a Communist Party Club in New York City, and that he has in the past signed several Communist Party Petitions at the request of fellow union members. He admitted that he was well acquainted with DAVID GREENGLASS at Los Alamos and that he had probably furnished the above information concerning himself to GREENGLASS.

ADLER denied that he has ever been approached by anyone to commit espionage and claimed he has never been a member of the Communist Party.

The INTERNATIONAL WORKERS ORDER has been designated by the Attorney General as a subversive Communist organization coming within the purview of Executive Order 9835.

SYNOPSIS OF FACTS:

Subject unknown to RUTH GREENGLASS and ELIZABETH T. BENTLEY. BERNARD GREENGLASS recalls JULIUS ROSENBERG attempted to do business with subject. Toll calls made from subject's business 5-16-50 to 4-11-50 set forth. Information concerning HYMAN ADLER set forth.

DETAILS:

At New York, New York

ELIZABETH T. BENTLEY advised SA THOMAS C. SPENCER on February 20, 1951, that she is not acquainted with the subject and has no information concerning him.

On February 17, 1951, RUTH GREENGLASS (Mrs. DAVID GREENGLASS) 265 Rivington Street, New York City, advised that she had never seen nor heard of the subject.

On February 17, 1951, BERNARD GREENGLASS, 65 Cannon Street, New York City, stated he met the subject, who recalled that JULIUS ROSENBERG made a trip to Connecticut about the end of 1947, to attempt to set some business from SALOFF. He also recalled that PITTS MACHINE PRODUCTS COMPANY, INC., attempted to make an endless copper belt for SALOFF and that DAVID GREENGLASS did not want to do this work because it was experimental and unprofitable.
